A little bit about us.

Who we are

TDS have been providing fulfillment services on a global scale since 1997
We do the simple things to make your business the easier proposition that it should be for you

What we do

Storage, inventory control, fulfillment,
e-commerce fulfillment, worldwide distribution

Why choose TDS?

- If you are exploring new markets then free up your time to concentrate on that expansion
- If you are a new enterprise or if you are expanding your business, then don't do it alone - we can help

At TDS, its not just business its personal.

What is our objective?

Our main objective is to continually build relationships with our customers and to help each of them grow a successful business.

They are from all corners of the world and we fully appreciate that for our business to grow we need to help our customers grow their business too.
